LONDON, August 26.-The Sofia announcement of today discloses a wide extension of the Bulgarian occupation of Greek territory. The area now taken over skirts the Aegean for about fifty miles. Apparently the Bulgarians have seized all northeastern Greece from the Bulgarian border to Orfano, where the old front ended. They are thus established over a large section on the eastern flank of the entente allies.

### Bulgarian Official Report. The Bulgarian statement of today

Our offensive on our right wing (on the western end of the front) continues. In the region of Moglenica mountain considerable Serbian forces of the Schumadie division, supported by neighboring troops, from the night of August 21 until the afternoon of August 23, attempted eighteen consecutive attacks against our advanced positions in the section of Kurkuruz and Kovel. All their attacks were repulsed, whereupon the Serbians retired to their former positions. Their losses were immense.

"Our left wing, advancing upon the Aegean coast, met weak British caveled and somethed and our trenches east of Zillebeke (east of Ypres) during the day, and there was also much trench mortar activity on both sides near the Hohenzollern redoubt. Yesterday our batteries successfully engaged many enemy gun positions in the section of Kurkuruz and Kovel. All their attacks were repulsed, whereupon the Serbians retired to their former positions. senators.

Chairman Simmons of the finance committee reminded the Alabama senator that it was a long-standing Senate practice for senators to stand by the decisions of their party caucus. Senator Stone, also a member of the committee, declared Senator Underwood deserved censure for his attitude toward the bill.
